

Government spending on aged care

2016-17

\$17.4 billion was spent
by governments on aged
care services in 2016-17

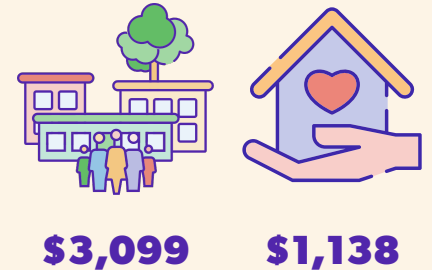

Almost 70%
of government spending
on aged care was on
residential aged care

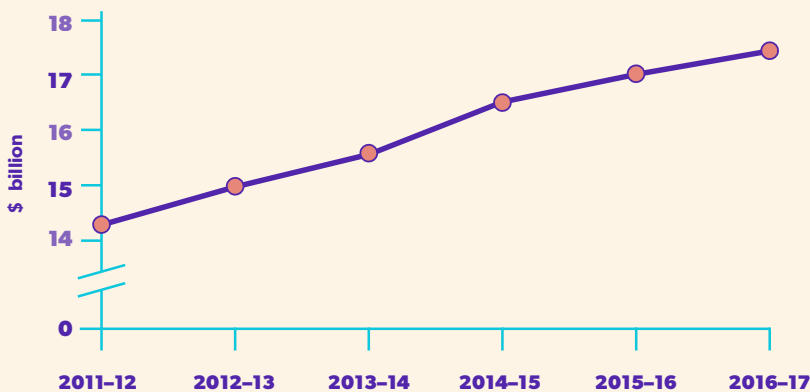

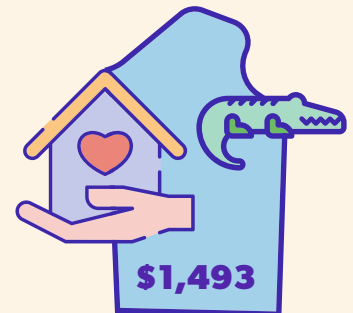

Residential aged care
Home care and support
Other services

**2.7 times as
much is spent**
on residential aged care
than home care and support
(per older Australian)

The **Northern Territory**
was the only state or territory
where more was spent on
home care and support than
on residential aged care
(per older Australian)

Government spending
increased by 21%
over the last 5 years
